## PROFILE

Looking for a hard-working and determined self-taught front-end developer? Look no further! As a current police officer with 7 years of experience, I am eager to switch to the exciting world of web development. With 10 months of self-taught training in HTML, CSS, Bootstrap, Git control, and JavaScript, I am ready to put my strong problem-solving and attention-to-detail skills to use, ensuring your next project is a huge success!

## HOBBIES

- Watching movies and series: I enjoy exploring different genres and styles of film and television. I find that this hobby helps me stay creative and open-minded.
- Working out and staying fit: Physical fitness is important to me, and I enjoy challenging myself to reach new fitness goals. This hobby helps me stay energized and focused in all areas of my life.
- Mountain climbing and hiking: I love the feeling of conquering a challenging hike or climb, and I find that this hobby helps me build mental resilience and determination. It's also a great way to connect with nature and enjoy the outdoors.
